Product Description

Product Description:

Anilox Roller Cleaning Equipment is designed to provide quality and efficient cleaning solutions for rollers in the printing industry. This machine features an operating temperature range of 5-50°C, a tank size of 900*600*250mm, and a power specification of 220V/380v, 3 Phase. In addition, it comes with a 1-year warranty, and uses an ultrasonic cleaning method to ensure deep and effective cleaning. It is suitable for a variety of rollers, including anilox rollers, in the printing industry, and is a reliable and effective roller cleaning solution.

Features:

Product Name: Anilox Roller Cleaning Equipment

Material: SUS304

Operating Temperature: 5-50°C

Tank Capacity: 135L

Warranty: 1 Year

Features: customized anilox roller cleaning machine, roller cleaning machine

Technical Parameters:

Product Name	Anilox Roller Cleaning Equipment
Operating Temperature	5-50°C
Tank Size	900*600*250mm
Cleaning Method	Ultrasonic
Tank Capacity	135L
Weight	130kg
Power	220V/380v, 3 Phase
Cleaning Time	5-15min
Material	SUS304
Warranty	1 Year

Applications:

Skymer's Anilox Roller Cleaning Equipment (Model Number: JTS-1048W) is made in China with a 1-year warranty. It is made of high-quality SUS304 material, and has a tank size of 900*600*250mm. The Anilox Roller Cleaning Equipment has an operating temperature of 5-50°C, making it suitable for printing anilox cleaning. It is an ideal choice for anilox roller cleaning, and is a reliable anilox cleaner.

Customization:

Skymer Anilox Roller Cleaning Equipment

Brand Name: Skymer

Model Number: JTS-1048W

Place of Origin: China

Tank Size: 900*600*250mm

Cleaning Method: Ultrasonic

Weight: 130kg

Cleaning Time: 5-15min

Skymer Anilox Roller Cleaning Equipment is designed for anilox roller washing. This ultrasonic cleaner features an anilox roller cleaning time of 5-15min and a tank size of 900*600*250mm. It has a weight of 130kg and adopts ultrasonic cleaning method to bring you the most efficient and reliable anilox roller washing experience.

Support and Services:

Anilox Roller Cleaning Equipment Technical Support and Services

At , we provide our customers with technical support and services for Anilox Roller Cleaning Equipment.

We have a team of experienced technicians and engineers who provide technical support and services for Anilox Roller Cleaning Equipment.

We provide on-site installation and maintenance services.

We provide troubleshooting and repair services.

We provide training for staff in the operation and maintenance of Anilox Roller Cleaning Equipment.

We provide spare parts and accessories.

We provide proactive maintenance services to ensure that Anilox Roller Cleaning Equipment runs optimally.

We strive to provide our customers with superior technical support and service for Anilox Roller Cleaning Equipment.

Packing and Shipping:

Packaging and Shipping of Anilox Roller Cleaning Equipment

The Anilox Roller Cleaning Equipment is packaged and shipped using the following methods:

The Anilox Roller Cleaning Equipment is carefully packed in a corrugated box with protective foam padding.
