

Water / Detergent Cleaning 3600W Industrial Ultrasonic Cleaner with SUS 304/316 Tank

Our Product Introduction

for more products please visit us on skymenultrasonic.com

Basic Information

- Place of Origin: China
- Brand Name: Skymen
- Certification: CE FC PSE ROHS ISO
- Model Number: JP-720G
- Minimum Order Quantity: 1
- Price: \$5900
- Packaging Details: WOODEN BOX
- Delivery Time: 10-25 days
- Payment Terms: EXW
- Supply Ability: 5000pcs/month

Product Specification

- Ultrasonic Power: 3600W
- Cleaning Basket: SUS 304
- Cleaning Mode: Water & Detergent
- Heating: Yes
- Frequency: 28/40KHZ Optional
- Drainage: Yes
- Heating Power: 9000W
- Highlight: Industrial Ultrasonic Cleaner with SUS 304 tank,
SUS 316 Tank Industrial Ultrasonic Cleaner,
3600W Industrial Ultrasonic Cleaning machine

Product Description:

Industrial Ultrasonic Cleaner - The Ultimate Solution for Efficient and Thorough Cleaning

The Industrial Ultrasonic Cleaner is a powerful and versatile cleaning machine designed for industrial use. With its advanced ultrasonic technology, this cleaner is capable of thoroughly cleaning and degreasing a wide range of parts and equipment, making it an essential tool for any industrial setting.

Cleaning Basket: SUS 304

The Industrial Ultrasonic Cleaner comes with a durable SUS 304 cleaning basket, which is capable of holding a large number of parts and equipment for cleaning. Made of high-quality stainless steel, this basket is resistant to corrosion and can withstand heavy-duty use, making it perfect for industrial cleaning applications.

Temperature: 1-90 Degree

The temperature range of 1-90 degrees Celsius makes the Industrial Ultrasonic Cleaner suitable for cleaning a wide variety of parts and equipment. This temperature range is ideal for removing tough and stubborn dirt, grime, and grease, ensuring that your parts are thoroughly cleaned and ready for use.

External Generator: 2 Units

The Industrial Ultrasonic Cleaner comes with two external generators, providing a total power of 3600W. This powerful combination of ultrasonic power ensures efficient and effective cleaning of even the most stubborn dirt and debris, saving you time and effort in the cleaning process.

Ultrasonic Power: 3600W

With a power output of 3600W, the Industrial Ultrasonic Cleaner generates powerful ultrasonic waves that can penetrate deep into the surface of parts and equipment, effectively loosening and removing dirt, grime, and grease. This high ultrasonic power makes this cleaner ideal for heavy-duty and industrial cleaning applications.

Cleaning Mode: Water & Detergent

The Industrial Ultrasonic Cleaner offers a versatile cleaning mode that allows you to use both water and detergent for cleaning. This mode gives you the flexibility to choose the most appropriate cleaning method for different types of parts and equipment, ensuring that you achieve the best cleaning results every time.

Experience the Power of Ultrasonic Cleaning with the Industrial Ultrasonic Cleaner

The Industrial Ultrasonic Cleaner is the ultimate solution for efficient and thorough cleaning of industrial parts and equipment. With its durable construction, powerful ultrasonic technology, and versatile cleaning mode, this cleaner is an essential tool for any industrial setting. Invest in the Industrial Ultrasonic Cleaner and experience the power of ultrasonic cleaning today!

Features:

Product Name: Industrial Ultrasonic Cleaner

Cleaning Mode: Water & Detergent

Heating: Yes

Drainage: Yes

Certification: CE, FC, PSE, ROHS, ISO

Cleaning Basket: SUS 304

Key Features:

Ultrasonic Cleaning Equipment

Industrial Cleaning Ultrasonic System

Industrial Ultrasonic Cleaning Machine

Technical Parameters:

Product Name:	Industrial Ultrasonic Cleaner
External generator:	2 Units
Timer:	1-99 Hours
Cleaning Basket:	SUS 304
Heating Power:	9000W
Cleaning Mode:	Water & Detergent
Drainage:	Yes
Capacity:	JP-720G
Frequency:	28/40KHZ Optional
Certification:	CE FC PSE ROHS ISO
Ultrasonic Power:	3600W
Features:	Heavy Duty Ultrasonic Cleaner, High Power Ultrasonic Cleaner

Applications:

Industrial Ultrasonic Cleaner - Skymen JP-720G

The Skymen JP-720G Industrial Ultrasonic Cleaner is a heavy duty ultrasonic cleaning device designed for precision cleaning in various industrial settings. Made with high quality materials and advanced technology, it is the perfect solution for efficiently removing dirt, grime, and contaminants from a wide range of objects.

Product Attributes:

Brand Name: Skymen

Model Number: JP-720G

Place of Origin: China

Certification: CE FC PSE ISO REACH ROHS PAHS

Minimum Order Quantity: 1

Price: \$5900

Packaging Details: WOODEN BOX

Delivery Time: 10-25 days

Payment Terms: EXW

Supply Ability: 5000pcs/month

Capacity: JP-720G

Temperature: 1-90 Degree

Tank Size: 1000*600*600mm

Heating power: 9000W

Tank Material: SUS 304/316

Application:

The Skymen JP-720G Industrial Ultrasonic Cleaner is suitable for a wide range of industries and applications, including:

Mechanical and Automotive industries for cleaning parts and components

Manufacturing and Production facilities for precision cleaning of machinery and tools

Electronics and Semiconductor industries for cleaning delicate parts and components

Medical and Pharmaceutical industries for sterilization and cleaning of medical equipment

Jewelry and Watchmaking industries for removing dirt and polishing objects

Printing and Textile industries for cleaning ink and dye residue

Features and Benefits:

Heavy Duty Ultrasonic Cleaner: Designed for industrial use, this cleaner can easily remove tough stains and contaminants.

Large Capacity: With a tank size of 1000*600*600mm, it can accommodate a large number of objects, making it ideal for commercial use.

High Temperature: The cleaner can operate at temperatures ranging from 1-90 degrees, allowing for efficient cleaning of different types of materials.

Efficient Cleaning: The ultrasonic waves produced by the device can reach even the smallest crevices, providing a thorough and efficient cleaning process.

Durable: Made with high quality SUS 304/316 material, the cleaner is resistant to corrosion and can withstand heavy use, making it a long-lasting investment for your business.

Easy Operation: The user-friendly control panel and digital timer allow for easy and precise operation of the cleaner, making it suitable for both experienced and novice users.

Invest in the Skymen JP-720G Industrial Ultrasonic Cleaner for a reliable and efficient cleaning solution for your business. With its high capacity, advanced technology, and durable construction, it is the perfect choice for a variety of industrial cleaning needs.

Cleaning Basket: SUS 304

Cleaning Mode: Water & Detergent

Key Words: Ultrasonic Cleaning Equipment, High Power Ultrasonic Cleaner, Industrial Grade Ultrasonic Cleaner

Packing and Shipping:

Industrial Ultrasonic Cleaner Packaging and Shipping

Our Industrial Ultrasonic Cleaner comes carefully packaged to ensure safe delivery to your doorstep. The packaging includes:

Sturdy cardboard box

Protective foam inserts

Plastic wrapping

Instruction manual

Each unit is inspected and tested before packaging to guarantee its quality. We also use environmentally-friendly materials in our packaging to reduce waste.

For shipping, we offer several options to meet your needs:

Standard shipping: Delivery within 5-7 business days

Expedited shipping: Delivery within 3-5 business days

International shipping: Delivery time varies by location

Free shipping: Available for orders over \$100

We partner with reliable shipping carriers to ensure timely and secure delivery of your Industrial Ultrasonic Cleaner. You will receive a tracking number once your order is shipped, allowing you to track your package in real-time.

For any packaging or shipping inquiries, please contact our customer service team. We are committed to providing a seamless and satisfactory experience for our customers.
